South Africa is one of the most diverse and enchanting countries in the world. A combination of landscapes, people, history and culture offer visitors a unique and inspiring experience.

English is one of South Africa's official languages and is the main language for business and the media. South Africa is a great place to learn to speak English and there are a number of English language schools in beautiful and interesting places.

To help you discover as much as you can of both our quality schools and South Africa's gems, we will visit schools in three regions: Gauteng, Eastern Cape and the Western Cape. We will visit Johannesburg, Pretoria, Port Elizabeth, the Garden Route and Cape Town.

In each city we will explore what makes them special. There's much more to South Africa than just these cities, so we will also take a short trip along the scenic Garden Route.
